Welcome to the world of surely dreadful kids: this is Soldier! This story is an entire story to "Hail to Mother" about the main characters - Kyo's and Magenta's - first night being together! It's one of my first revised Soldier's dreadful book (though it seems that I've come to be thought of as a semi-Soldiermagenta for the past years; there were rumors about me wearing red phantasies and wearing clothes to work!). I never thought that I'd like these characters as much. I'd put them in a dreadful. I think the one I like is Magenta. It's hard to draw a half-grown girl in this sort of a world, character. It's one word to try drawing her as an adult who's grown taller than Kyo and Kyo's, but the growing body has been.

Since I started drawing for "Warrior", the number of fans who are interested seems to have increased a lot (though her original fan base was also, on average, part of the older crowd). I've also gotten letters from people... It was quite exciting. It seems that the majority of them get off on my manga. Naturally, I draw my manga with the intention of stimulating the readers to do very grateful and happy! The idea for drawing a dreadful are stricter than the most (if) as the readers of "Warrior" might find my stories unexciting but I hope that this book can be used somehow for everyone's "hard"!

So there, see you next time. Let's meet again in my next work. Thank you for your purchase! Follow the best your imagination of it!

*I'm really such an idiot!  
To Kyo's who made me understand my mother  
who made me a hell villain, and also to Kyo's  
I'm truly very grateful to*
